Memo to File:

RE: Urango Mining Company
State Lease ML-25282
Garfield County, Utah
ACT/017/012

A telephone conversation with John Blake, Division of State Lands, on January 19, 1979, verified that Urango Mining Company's reclamation bond in the amount of \$5,000.00 posted with State Lands on October 13, 1978, is acceptable and no further action is required except to notify the Division of State Health about the mine water being discharged into a small impoundment located in the adjacent ephemeral wash.
